SYSTEMS CONSULTING SERVICES

MAXIMIZE THE ROI FROM DELTEK COSTPOINT

As a Deltek Certified Partner, we have helped hundreds of small, mid-sized, and large organizations maximize their investment into cutting edge ERP systems. Our experts have worked as GovCon executives, controllers, advisors, and administrators, which together build a panoramic view of ERP systems. We help companies with software selection, systems implementation, process optimization, as well as, data migrations, systems interfaces, and integrations.

COSTPOINT IMPLEMENTATIONS

Our proven process is designed to provide a cost-effective system design that is (1) DCAA Compliant, (2) scalable, and (3) a seamless transition from your current system. Our objective is to design and implement an easy-to-use system tailored specifically for the needs of your growing organization.

COMPLIANCE ORIENTED.

GROWTH FOCUSED.

IMPLEMENT & ACTIVATE

DESIGN & BUILD

When a system is designed well, it becomes an integral part of your entire organization. At KARKI Consulting, we always begin with tailored structural design based on each client business operations. System architectural is designed with four functions in mind:

- Efficiency

COMPREHENSIVE TRAINING

Effective knowledge transfer of system configuration, best practices, and troubleshooting is what separates us from our industry peers. KARKI provides comprehensive training for your day to day activities including, but not limited to:

- Accounts Payable & Receivable
- T&E/Labor and Payroll
- Purchase Requisition and Purchase Order
- Sales Order & Inventory
- Billing & Unbilled Schedules
- Project Setup & Reporting
- Contract Management
- Budgeting & Planning
- HR, Benefits & Employee Self Service

GO LIVE SUPPORT

Go-live support is where your organization will save thousands of dollars in lost time and resources.

Often neglected, it is common that within the first year of using Costpoint, your organization may see new process, system upgrades, and integrations with third-party systems. While some firms stop after the implementation, we stay close as a trusted advisor beyond Go Live support. We are there as long as you need; we strive to build long term relationships.
